Want to help make a difference? For 30 years, Human Solutions has been working to break the cycle of intergenerational poverty by empowering families and helping them build pathways out of poverty. Our comprehensive programs give people the skills and resources they need to be successful. Our programs include services for homeless families, eviction prevention, supportive services, employment services, energy assistance, and the development and operation of affordable housing.

Diversity, inclusion and equity are fundamental values for Human Solutions, both internally and externally. HSI has a Diversity Committee, which serves as a sounding board for new internal policies and procedures to make sure that we're taking into account diversity and inclusion. It also helps with diversity-related projects, such as staff diversity trainings, assessing our equity as an organization and developing an equity lens for our work.

Human Solutions is working to end homelessness and poverty in our community because everyone deserves a safe place to call home.
